Dear Ms. Allert and Ms. Lewis:

Thank you so much for the time and effort you spent reviewing the Town of Weston's website. For a small town such as Weston with a very limited technology budget, your professional services are probably beyond our reach, so this "personal attention" was especially appreciated. I'm so sorry I missed your Key Note Address - the other four attendees from Weston were very impressed.

Going to the "doctor" was not as painful as I thought it might be. It was very exciting to hear your suggestions, some of which we have already implemented. I am looking for a web design student from the High School to help us this summer with the other changes you recommended. I hope that next year you will be invited again to review two other towns. We all benefit from your suggestions, even if we are not the "reviewed" town.

Thank you again for allowing us a special "doctor visit".

Sincerely,

*Sharon Shattuck*
